PROGRAM OVERVIEW**

Background

Troops to Teachers (TTT) was established in 1994 as a Department of Defense program. The National Defense Authorization Act for FY 2000 transferred the responsibility for program oversight and funding to the U.S. Department of Education but continued operation by the Department of Defense. The No Child Left Behind Act of 2001 provides for the continuation of the TTT Program. TTT is managed by the Defense Activity for Non-Traditional Education Support (DANTES), Pensacola, Florida.

Goal and Objectives

Reflecting the focus of the No Child Left Behind Act of 2001, the primary objective of TTT is to help recruit quality teachers for schools that serve students from low-income families throughout America. TTT helps relieve teacher shortages, especially in math, science, special education and other critical subject areas, and assists military personnel in making successful transitions to second careers in teaching.

Current Status

Funding is appropriated annually to provide financial assistance to eligible participants, referral services, and maintain a network of state offices. Military personnel interested in a second career in public education may submit a registration form to DANTES.

Program Function

The purpose of TTT is to assist eligible military personnel to transition to a new career as public school teachers in targeted schools. A network of State TTT Offices has been established to provide participants with counseling and assistance regarding certification requirements, routes to state certification, and employment leads. The TTT homepage provides information and resource links, including a job referral system to allow participants to search for job vacancies as well as links to state Departments of Education, state certification offices, model resumes, and other job listing sites in public education.

Pending availability of funds, financial assistance may be provided to eligible individuals as stipends up to \$5K to help pay for teacher certification costs or as bonuses of \$10K to teach in schools serving a high percentage of students from low-income families. Participants who accept the Stipend or Bonus must agree to teach for three years in targeted schools in accordance with the authorizing legislation.

Eligibility

Educational and service eligibility requirements for counseling, referral services, and financial assistance are available on the TTT Home Page at www.ProudToServeAgain.com. Also available is a "Self Determination Guide" to quickly assess eligibility.

Registration

Register with Troops to Teachers by contacting your base Education Center/Navy College Office or download a registration form from the TTT Home Page. Eligible active duty and reserve personnel may register with Troops to Teachers at any time. Counseling and information are available to all participants, however, financial assistance may not be provided to active duty personnel until one year prior to retirement. Contact the DANTES Troops to Teachers office regarding questions about eligibility or services offered.

The Department of Education establishes the operating rules that govern the schools where Troops to Teachers participants who accept financial assistance may fulfill their three-year teaching obligation. There are revised rules which determine these eligible schools. These revised rules became effective 15 Sep 05. For details see the Policy Statement on the TTT Home Page.

Policy Statement

Subject: Implementing Department of Education Troops to Teachers Operating Rules

Date: 13 September 2005

Reference: Federal Register: July 1, 2005 (Volume 70, Number 126)

The Department of Education has established operating rules that defines those schools where Troops to Teachers participants who accept financial assistance may fulfill their three-year teaching obligation. As of 15 September 2005, the following rules will apply for any Troops to Teachers participant registering for the program on or after the implementation date:

Troops to Teachers participants who accept financial assistance in the form of a Stipend or Bonus incur an obligation to teach for three years in schools or school districts that meet specified criteria as outlined below:

- **STIPEND:** Participants accepting the \$5K stipend are obligated to teach for three years in:
 - (a) any U.S. public school within a school district that has at least 20% of the students who come from families living below the poverty level,
 - or
 - (b) a U.S. public school house where at least 50% of students are eligible for the free or reduced cost lunch program or have a “high percentage” (determined annually) of students with disabilities, so long as that school is in a school district that has between 10 and 20% of students who come from poverty level families.

- **BONUS:** Participants may accept a bonus of \$10K in lieu of the stipend if they are employed as a teacher in a school district that has at least 10% or greater of the students who come from families living below the poverty level and are:
 - (a) teaching in a school house where at least 50% of students are eligible for the free or reduced cost lunch program,
 - or
 - (b) teaching in a school house that has a “high percentage” (determined annually) of students with disabilities.

Participants who registered prior to 15 September 2005 may fulfill their teaching obligation under the operating rules in affect as of their date of registration.

DEFINITIONS:

Poverty level: Poverty level refers to students within a school district who come from families with incomes below the poverty level for that area. The Census Bureau determines the percentage of poverty level students for a school district. Poverty level data is available by state by selecting the file for the most current school district (SD) year from the Census Bureau web site at the following address: <http://www.census.gov/housing/saipe/>

Free or Reduced Cost Lunch: Free or reduced cost lunch refers the National School Lunch Program based on the level of family income. The percentage is based on data available from the U.S. Department of Education at their web site: <http://nces.ed.gov/ccd/schoolsearch/>

Students with Disabilities: Students with Disabilities are those who qualify for assistance under part B of the Individuals with Disabilities Education Act (IDEA). The Standards and Poor’s web site <http://www.schoolmatters.com> provides percentage of students with disabilities by school house, but data is not available for all states.

High percentage of Students with Disabilities: A “high percentage” is considered to be any percentage over the nationwide average for students eligible for assistance under part B of IDEA. If data is not available from the Standards and Poor’s web site, individual school districts may have this information available for their schools.

Referral Information

The Troops to Teachers program offers limited referral services to all active participants who are ready to seek employment. Schools or school districts may apply to our program (free of charge) for a username and password which will allow them to search our referral database. They can search by state employment preferences, teaching subject, grade level, second language(s), licensed subject(s), and/or a participant's name. With this search, the potential employer has access to a participant's contact information (address, primary phone number, and primary email address), second languages, degree(s) and degree major(s), military separation date, preferred teaching level, state preferences, availability date, list of preferred subject(s), whether or not the participants is licensed in that field, and a participant's "mini-resume." With this information, a potential employer can select participants who meet the criteria for vacancies and contact the participant directly.

Although it is not limited to licensed participants, we would prefer to limit referral to at least those that are actively pursuing a career in education and have at least been accepted into a teacher certification program. For those seeking referral for academic positions, the subject and grade level provided on various TTT documents for certification program or license subject and grade level will be used for referral. A copy of your teacher's license will be required to enter licensed information into the referral system. The information provided below will be used for vocational referral.

It is important to keep your information current so that potential employers are able to identify you as an eligible candidate for a position and are able to contact you. Also, let us know when you would like to be added or removed from the referral list, especially when you have found employment and no longer require referral. Should you require referral again, contact us to be returned to a referral status. To update information, contact our office at 1-800-231-6242, e-mail ttt@navy.mil, or mail to: DANTES, Troops to Teachers, 6490 Saufley Field Rd, Pensacola, FL 32509-5243.

Academic Subjects

Academic subject(s) and grade level(s) that will be referred are determined by the information you provide regarding certification program and licensure. A copy of the license must be provided in order to be referred as a licensed participant.

Vocational Subjects
