## About Teach For America

Teach For America aims to end educational inequity—the reality that in our country, where a child is born determines his or her educational outcomes and life prospects. We are working with a great sense of urgency to build the movement to eliminate educational inequity by enlisting our nation's most promising future leaders in the effort. Our vision is that one day, all children in this nation will have the opportunity to attain an excellent education. State and community leaders are committed to altering the outlook of Arizona's most disadvantaged students and have welcomed corps members to greater Phoenix for the past 15 years. During that time, the corps size has ballooned to over 300 teachers and Phoenix alumni have become vehicles of change at the school, local, and state levels. With a robust environment that rewards fresh ideas and perseverance, the time to affect change on Arizona's neediest kids has truly arrived
